

## LITTLE ATHLETICS CLUB CHAMPIONSHIP RECORDS (end of season 2022-2023)

Championship records were introduced in 2009-2010 to recognise the best performances of Cherrybrook athletes at Little Athletics championship events ie Zone, Region and State (and previously State Multi, which is no longer considered a championship event). Note: In most cases the Club relies on parents or athletes to inform us of a championship record.

**NB: Changes to State and Australian records** In August 2014, the LANSW Board approved consolidation of manual and electronic State record times, to one set of best performance records. As per Little Athletics Australia guidelines, a formula has been applied to current times to create a standardised system and bring all times into alignment. From 2014, the best result (standardised hand-held time or Fully Automated Time [FAT]) has become the LANSW State or National record. The formula for standardising the hand-held time is: Distances <400m = Hand-held time +0.24 seconds; Distance 400m or 4x100m relay = Hand-held time +0.14; Distances >400m = no change. A standardised time is indicated with [S]. Historical documents are kept on the LANSW website. State Multi records are no longer kept as there have been multiple changes made to the point system.
